ABOUT US

ABOUT MAPLE CONSTRUCTION

Maple Construction Inc. specializes in professional Wood Framing and Steel Framing for residential and commercial construction throughout Florida.

With more than a decade of experience, our team has successfully supported production builders, custom home builders, multifamily developments and commercial contractors with dependable framing crews and consistent project execution.

Originally established in Pennsylvania, Maple Construction expanded into Florida bringing the same commitment to quality workmanship, professionalism, safety and reliable service.

Our mission is to become a long-term framing partner that builders can trust, delivering every project with precision, accountability and excellence.
